DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/30/06 has been entered.

Allowable Subject Matter

2. **Claims 1-19**, are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 6, 11, the present application teaches a multi-functional mobile terminal/method providing a phone function comprising a personal information module and a mobile terminal module, a module selector which controls power supply operation, and is position exterior to both modules such that it operates independent of both modules and selectively provides the power supply signal to either module power supply controller receives a power as specifically mention on claims 1, 6, 11.

The closest prior art to the present application such as Kim et al. (US publication 2004/0121802) teaches a multi-functional mobile terminal/method providing a phone function comprises a personal information module and a mobile terminal module, a module selector which controls power supply operation. Kim et al. does not teach that the mobile terminal/method comprises a selector module which is position exterior to both modules such that it operates independent of both modules and selectively provides the power supply signal to either module power supply controller receives a power as specifically mention on claims 1, 6, 11.
